Chandelier VORTEX

by Zaha Hadid / Patrik Schumacher

In collaboration with **SAWAYA & MORONI** Milan

VORTEX by Zaha Hadid and Patrik Schumacher creates a perfect symbiosis of organic lines and dynamic light colour modulation. Due to this quality of resonance, the chandelier imparts a sense of harmonious illumination to its surroundings, creating a lasting feeling of well-being on whoever it shines on. A translucent acrylic glass diffuser fits perfectly into the glass fibre-reinforced polyester luminaire with its high-gloss finish to provide uniform light distribution and optimum colour mixing. RGB PowerLED modules, which produce indirect light in various hues, enable precise adjustment of colours. In collaboration with **SAWAYA & MORONI** Milan.

Size: H: 1515 mm or 2014 mm
B1: 1460 mm B2: 1670 mm
Weight: 50 kg
