CLEAN REFURBISHMENT GUIDE

LED CONVERSION FOR CLEAN RENAISSANCE.
NEW BRILLIANCE AND SUSTAINABILITY.

ENERGY EFFICIENT LED TECHNOLOGY

The renaissance of CLEAN advanced or classic with LED conversion sets: sustainable and uncomplicated, affordable without major new investment or ceiling renovation. Perception conditions improve.

Sustainability: extended service life and conservation of resources. Parts of the luminaire remain in use. No additional ceiling renovations.

Cost Reduction: Affordable transition to new technologies with optimized renovation costs. Maintenance costs and energy costs are reduced thanks to new LED technology.

Easy installation: The refurbishment kit fits conveniently into the existing CLEAN components. Quick replacement.

Improved light quality: Higher illuminance and uniformity. Perfect light color and color rendering.
